

Third Thursday Lecture Series

Thursday, September 20th, 2012

6:00 - 7:00 p.m.

Mokupāpapa Discovery Center, Hilo

FREE EVENT

“Sharks Around The World”

Martin Wisner

Topics Include:

- Shark Biology & Ecology
- Shark Behavior & Distribution

Please join us for a presentation and documentary screening on sharks from around the world. Aquarist Martin Wisner will share his experiences working with sharks and provide information about their biology, life history and much more. The presentation will also pay tribute to the late Mike deGruy, a world renowned cinematographer and advocate for marine conservation.
